PROFESSIONAL SUMMARY

Passionate and detail-oriented **Front-End React Developer** with a strong focus on building responsive, user-friendly, and visually appealing web applications. Skilled in **HTML, CSS, JavaScript (ES6+), React.js, and modern UI frameworks** to deliver clean, efficient, and maintainable code. Experienced in translating design mockups into interactive, high-performance interfaces that enhance user experience and engagement. Proficient in **state management (Redux / Context API)**, **API integration**, and using tools like **Git, GitHub, and VS Code** for smooth collaboration and version control. Motivated to stay up-to-date with the latest front-end technologies and best practices, with a passion for continuous learning and delivering pixel-perfect results that align with both user needs and business goals.

information Technology Institute (ITI), Zagazig branch

EDUCATION

Faculty of Science, Department of Computer Science,   2021 – 2024
Zagazig University
Bachelor's degree : very good

PROJECTS

E-commerce Project, BeautyShop Store 🔗
A modern and responsive online beauty store built with **React.js** and **Redux**, featuring dynamic product display, cart management, and user authentication. Integrated with an external API for real-time product data and optimized for all devices to ensure a smooth and engaging shopping experience.

E-commerce Project, Bella Vista Restaurant 🔗
A modern and responsive restaurant web application built with **React.js** and **Redux**, featuring dynamic menu display, real-time cart management, and front-end user authentication design. Menu data is fetched from an external API to ensure up-to-date content and a smooth, interactive dining experience.
